

Certificate Course in Health Professions Education
Department of Health Professions Education
Era University, Lucknow

The COVID-19 Pandemic has resulted in a paradigm shift in our thinking regarding the necessity of building of health care teams for the society. This involves a collaborative approach to teaching learning in such a way that domains of knowledge, skills and attitude are all incorporated to give a cohesive look to health profession's education.

This certificate course in Health Professions Education is designed and structured on the same principles by none other than the Hon'ble Vice Chancellor of Era University, Lucknow, Prof.(Dr.) Farzana Mahdi, who has immense experience in Health Profession Education. Dr. Farzana Mahdi is a FAIMER fellow from GSMC Mumbai and a pioneer in setting up the cost-effective clinical skills lab at the Era University.

The goal of the certificate course is to train different professions together. Learning together will help understand each other better so the team generated can work for the holistic benefit of the patients. This is the premise under which the course has been crafted. The first course which commenced in 2019 had offline classes and the second course during 2020 had blended sessions.

The Department of Health Profession Education, Era University has the pleasure to announce the **Class of 2021**.

Course highlights

- Six month duration
- Five modules each module having faculty from diverse Health Professions
- Practical tips from mentors for conducting online classes with online formative assessment methodologies inbuilt in the course
